

Stock Pick of the week, #41, June 10/2010 AD

This week's Pick is Virginia Mines, VGQ.TO on the TSX and it has a pink sheet listing under VGMNF.

The stock last traded at 7.19.

Virginia is exploring for gold in Quebec, in some 20 different locations. The company has over 40 million dollars in the bank and receives a monthly payment of \$100,000 from Goldcorp.

Management is very experienced at joint ventures and Quebec is one of the best places in the world to explore for minerals.

Featured is the daily bar chart for VGQ. Price became overbought in early April and has since corrected. The RSI and MACD are back at support levels. The 50D is in positive alignment to the 200D and both are rising (green oval). A breakout at the blue arrow will be very bullish.

11 Picks have been sold at profits ranging between 10% and 110%, all within 5 months of purchase. 16 picks are trading above the introductory price and 14 are available at or below the starting price. There are some truly great bargains among these 14 due to the recent correction in the HUI index of gold and silver stocks.

To make a profit and ‘sell high’ we must first ‘buy low’.

The success ratio (winners versus ‘waiting to be winners’), is 27 to 14.

Subscribers are notified as soon as we take a profit.

We encourage investors not to ‘chase’ these picks, but to try to buy them at or below the price at which they were introduced. **As long as a ‘pick’ remains part of this list, it is an indication that we still like it, even if it slips below the price at which the stock was first listed.**

Whenever you buy a stock at its pink listing (the five letter symbol), always be ‘price-specific’ with your order to avoid ending up with a ‘bad fill’. The recommended procedure for buying or selling ‘pink sheet stocks’ is explained at the bottom of an article on the website titled: “The making of a successful investor.”

To be notified when we take profits, all you need to do is become a subscriber. (The cost is less than \$1 per week). For details, click on ‘how to subscribe.’
