

Stock Pick of the Week # 42 June 17/2010 AD

This week's pick is Stans Energy. The stock trades on the TSX under the symbol RUU.v and it has a pink sheet listing under STZYF.

The company owns 5 mineral properties in Kyrgyzstan, (formerly part of the Soviet Union).

The flagship property is Kutessay, an open pit REE mine that used to produce 80% of Russia's Rare Earth Elements needs.

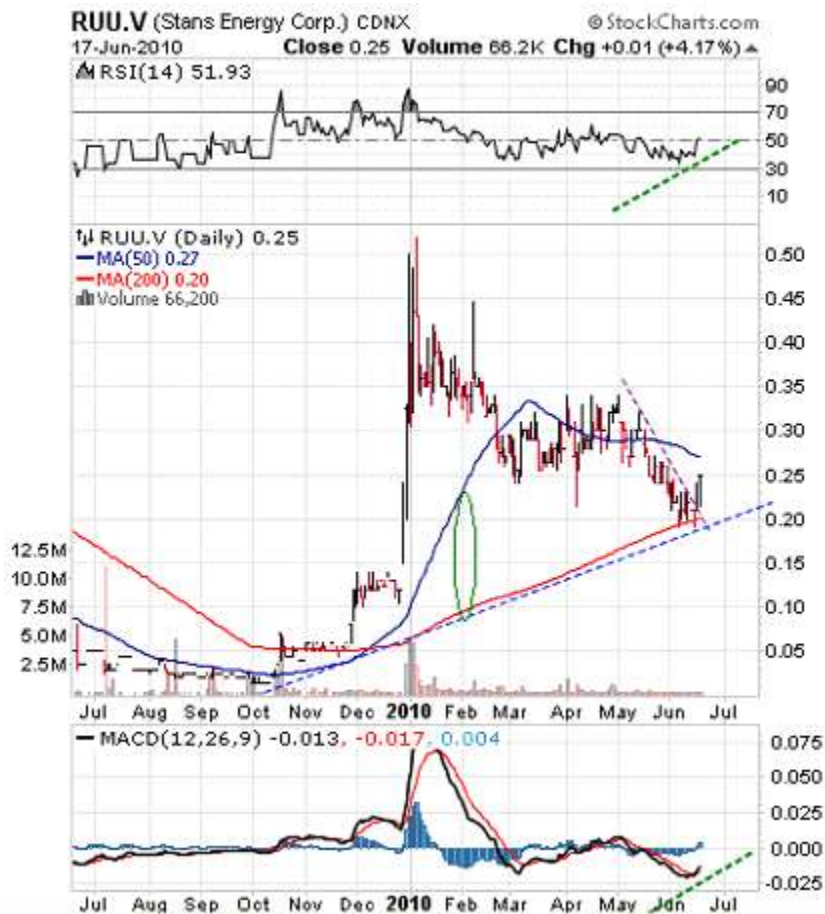

RUU plan to re-open the mine and is working on a 43-101 compliant resource report.

The CEO Rod Irwin is a former ambassador to Russia.

He has hired some of the people who designed the original mine.

The company has also secured exploration licenses for a 35km property next to the soon to be re-opened mine.

The last trade on June 17th was 0.25.

Featured is the daily bar chart. Price became overpriced at the end of December. The correction that followed appears to have found support at the rising 200D. The supporting indicators are turning positive (green lines). The 50D is in positive alignment to the 200D (green oval).

12 Picks have been sold at profits ranging between 10% and 110%, all within 5 months of purchase. 18 picks are trading above the introductory price and 11 are available at or below the starting price. There are some truly great bargains among these 14, due to the recent correction in the HUI index of gold and silver stocks.

To make a profit and 'sell high' we must first 'buy low'.

The success ratio (winners versus 'waiting to be winners'), is 30 to 11.

Subscribers are notified as soon as we take a profit.

We encourage investors not to 'chase' these picks, but to try to buy them at or below the price at which they were introduced. **As long as a 'pick' remains part of this list, it is an indication that we still like it, even if it slips below the price at which the stock was first listed.**

Whenever you buy a stock at its pink listing (the five letter symbol), always be 'price-specific' with your order to avoid ending up with a 'bad fill'. The recommended procedure for buying or selling 'pink sheet stocks' is explained at the bottom of an article on the website titled: "The making of a successful investor."

To be notified when we take profits, all you need to do is become a subscriber. (The cost is less than \$1 per week). For details, click on 'how to subscribe.'
