

## Stock Pick of the Week # 19, December 18/2009 AD

This week's pick is SBT/UN.TO, the Silver Bullion Trust.

The US symbol is SVRZF. This is a pink sheet listing, thus for those of you who trade pink sheet stocks, the recommendation is to be 'price-specific' with your order to avoid receiving a 'bad fill'. (Volume is always better at the exchanges than via the pink sheets). SBT/UN.TO closed Thursday's trading at 12.92.

Silver Bullion Trust issues shares and then uses the cash to buy and store silver bullion in a Canadian Bank. The silver is audited annually. For more information visit

Featured is the Silver Bullion Trust daily bar chart. Price closed unchanged from the day before, despite a 60c drop in the price of silver bullion at the Comex. The trend is up as can be seen in the five month old channel. The rate of advance as measured at the rising trendline is 5% per month. That's better than money in the bank! A lot better!

Subscribers are notified as soon as we take a profit.

We encourage investors not to 'chase' these picks, but to try to buy them at or below the price at which they were introduced. The goal is to buy low and sell high! As long as the 'pick' remains listed, it is an indication that we still like it, even if it slips below the price at which the stock was listed here.

To be notified when we take profits, all you need to do is become a subscriber. (The cost is less than \$1 per week). Details under 'how to subscribe.'

Please note:

The next Pick of the Week is planned for Friday January 8/2010 AD.
